

TOILET PARTITIONS

GLOBAL™
PARTITIONS

WHY GLOBAL PARTITIONS

Global Partitions is the most widely specified manufacturer of Toilet Partitions in the industry. We have achieved this leadership position by providing the most complete line of toilet partitions for over five decades — powder coated steel, stainless steel, solid plastic, phenolic, color-thru phenolic and plastic laminate in four mounting styles.

Our innovative manufacturing which uses lean processes, continuous improvement programs and strategic purchasing practices, has allowed us to become the first company to ship four different materials — powder coated steel, stainless steel, black core phenolic and solid plastic – in 48 hours.

Our LEED-friendly products are versatile and have offered discerning designers and building owners peace of mind knowing that no matter their budgetary or stylistic needs, Global will provide the perfect solution.

Customer success is critical to our mission and we provide a value that exceeds price and an excellent service experience.

- **Speed** —15 colors powder coated, 17 colors solid plastic, 10 colors black core phenolic and satin stainless steel — all shipped in 48 hours
- **Broadest Selection in the Industry** — 6 materials and 4 mounting styles
- **Unparalleled Manufacturing Processes** — focus on quality and on-time delivery
- **Innovative Packaging** — GLO-GARD™ virtually eliminates freight damage
- **One Touch** — one point of contact for all your business needs
- **Customer-Focused Associates** — experts in every department
- **Choices** — Ultimate Privacy™, junior height and enhanced privacy with Global's no sight system
- **Recognized Performance** — Cowboys Stadium (Dallas), Wal-Mart, Dallas/Fort Worth International Airport, Dulles International Airport, Yankee Stadium, Goldman Sachs headquarters, Comcast headquarters, Fort Lewis Army Base, Michigan Stadium (University of Michigan), Home Depot, Chili's and Applebees

GLO-GARD™

Global Partitions is proud to introduce the finest packaging in partition shipping protection available — **GLO-GARD**. Regardless of whether the shipment contains two compartments or nine, your order is protected from the bumps and bruises normally associated with shipping.

FEATURES OF GLO-GARD PACKAGING:

- Internal dividers into which the partitions slide individually
- Additional padding to protect them from bumping into each other during handling and shipping
- Attached to a pallet and shrink wrapped

FASTTRACK — 48-Hour Shipping

Get 48-hour shipping on standard-sized, floor anchored/overhead braced SOLID PLASTIC (HDPE), POWDER COATED, BLACK CORE PHENOLIC or STAINLESS STEEL partitions.

HERE IS HOW IT WORKS:

- Place your order BEFORE NOON — www.globalpartitions.com/48hourfasttrack.
- Order any of the standard sizes in any of the standard solid plastic, powder coated or black core phenolic colors (see pages 6, 8 and 10 respectively) or #4 satin stainless steel.
- Your order will be produced, packed and ready to ship within 48 hours.

HOW TO ORDER

Use one of the following methods:

1. E-MAIL 1: Fill out the order form online and click submit to e-mail your order directly
2. E-MAIL 2: Save a copy of the order form, fill it out and email it back to 48hourfasttrack@globalpartitions.com
3. FAX: Save a copy of the form, fill it out and fax back to Global Partitions at 706.827.2710

GLOBAL MATERIALS

Stainless Steel

Gleaming beauty indefinitely. The elegance of stainless steel complements any design scheme. Incorporates the known corrosion resistant benefits of type 304 stainless steel. Easily maintained, even scratches can be buffed out. Satin or textured finish. Available in all styles.

*Warranty 5 years**

Powder Coated

High-tech quality at an economical price. Thermoset hybrid powder finish on galvanized steel is highly resistant to corrosion, grease, acids, caustics, mars and stains. A broad range of contemporary colors to complement any interior. Available in all styles.

*Warranty 3 years**

Solid Plastic (HDPE)

Highly resistant to common cleaning agents as well as to moisture, mildew and graffiti. Ideal choice for busy public facilities and high humidity applications — never needs painting and will not easily dent, rust or delaminate. Available in a wide variety of colors and mounting styles. Floor Anchored/Overhead Braced, Ceiling Hung and Floor and Ceiling Anchored styles.

*Warranty 15 years**

Plastic Laminate

Combining design flexibility, aesthetic appeal and economy in an ideal finish — the proven benefits of high pressure laminates are built in — featuring a smooth surface highly resistant to scratches, grease and mars. Offered in a complement of designer colors. Available in all styles.

*Warranty 2 years**

Phenolic – Black Core

Holds up even under severe moisture conditions from showers, pools and saunas, or when maintenance includes hosing down toilet partitions. Ideal for where vandalism is a problem. In a full color spectrum — all with black edges. Available in all styles.

*Warranty 10 years**

Phenolic – Color-Thru

Color-Thru Phenolic lives up to its name, with surface color through and through. This product is impact, scratch and graffiti resistant. It also has excellent screw-holding power and all the advantages of traditional Phenolic performance. Available in all styles and attractive colors.

*Warranty 10 years**

* See full warranty on website: globalpartitions.com

GLOBAL STYLES

Floor Anchored/Overhead Braced

Clean lines, modern appearance and solidly braced for new construction or renovation, independent of floor condition. The unique pilaster construction combines with anti-grip head rail bracing for structural rigidity. Can be used with light weight concrete or wood floors.

Ceiling Hung

Open design at the floor means easy access for better maintenance and reduced operating cost. Goes hand-in-hand with wall-hung fixtures for full floor accessibility. Proper installation requires attachment to structural ceiling support.

Floor Anchored

Perfect for low-ceiling washrooms. Sleek line across the top of partitions adds a modern accent. Design and construction ensure easy installation. For concrete floors only, this style requires 2" minimum penetration into floor. **Junior Height** sizes are available.

Floor and Ceiling Anchored

This construction style is extremely stable and durable and is recommended for busy washrooms where abusive treatment is prevalent and vandal resistance is critical. Requires concrete floor and structural ceiling supports.

Ultimate Privacy™

Our Ultimate Privacy design features doors and panels up to 72" tall — standard height is 58". No Sight hardware — full-height continuous stop and hinge side-filler — is available to eliminate sightlines into the compartments around the doors. Perfect for environments where additional privacy is desired. Available in all four mounting styles.

Dressing Booths

Dressing Booths enhance shower installations — available with door or curtain options. Choose from solid plastic, phenolic, stainless steel or powder coated steel materials.

Privacy and Urinal Screens

Wall Hung Screens — Available in 3 standard heights: 42", 48" and 58"

Post-Mounted Screens — 1¾" sq. aluminum-post in Floor Mounted or Floor to Ceiling Mounted.

Pilaster-Mounted Screens — Available in Floor Mounted, Ceiling Hung, Floor to Ceiling or Overhead Braced.

POWDER COATED

Powder coated steel partitions provide high-tech quality at an economical price. The powder coated finish is electrostatically applied over galvanized steel. The finish is highly resistant to wear, fading, staining, scratching and scuffing. It is easily cleaned with mild soap and wiped dry.

The steel is electrogalvanized to protect against corrosion and provide a proper base for the finish. The face sheets are held rigid and permanently in place by an interlocking strip welded at each corner. The core is cellular honeycomb which provides strong construction and maximum sound attenuation.

Global Partitions offers a full color palette of popular colors for design flexibility.

FAST TRACK: 48 Hour Shipping

Available in all standard colors shown below — Floor Anchored/Overhead Braced only.

COLOR SELECTION:

OPTIONS:

- Wood Core
- No Sight Hardware
- Continuous Aluminum Brackets
- Continuous Stainless Steel Brackets
- Continuous Powder Coated Brackets
- Ultimate Privacy™ Height Options
- Stainless Steel Stirrup Brackets & Door Hardware

CONSTRUCTION FEATURES:

Honeycomb Core
Made of cellular honeycomb. This type of core provides strong construction and sound attenuation.

Concealed Latch
With emergency access and ADA lever handle.

Pilaster Mounting
Pilaster adjustments, with floor-mounted jack-leveling device is standard on floor anchored/overhead braced pilasters.

Welded Corner
Corners of panels, pilasters and doors are welded to each other and to the adjacent face sheets.

Bottom Door Hinge
Gravity-positioning hinge provides safe, durable and maintenance free support.

Alternate Pilaster Mounting
This heavy gauge mounting is furnished on all ceiling hung and floor anchored pilasters.

Vandal-Resistant Fasteners
Special driver installs fasteners which virtually eliminates unauthorized removal and ensures easy installation.

Upper Door Bracket
Internal part of the door. A pin goes through door and bracket for three-point bearing and operates in a nylon bushing in upper hinge bracket.

Shoe Construction
One-piece stainless steel, type 304, with #4 satin finish trim shoes are hemmed top and bottom for rigidity and sleek appearance.

Stainless steel toilet partitions are virtually indestructible and retain their gleaming beauty indefinitely. These units combine the strength of #304 stainless steel with a #4 satin finish or textured finish, formed and bonded to a honeycomb core. The face sheets are held rigid and permanently in place by an interlocking strip welded at each corner.

Stainless steel components are impervious to just about any substance. Even scratches caused by deliberate vandalism can be removed by buffing. The elegance of Global Partitions stainless steel components complements any design scheme, either in new construction or for renovations.

FAST TRACK: 48 Hour Shipping
In #4 Satin Finish. Floor Anchored/
Overhead Braced.

OPTIONAL FINISH SELECTION:

Diamond Finish

Leather Finish

CONSTRUCTION FEATURES:

Honeycomb Core
Made of cellular honeycomb. This type of core provides strong construction and sound attenuation.

Concealed Latch
With emergency access and ADA lever handle.

Pilaster Mounting
Pilaster adjustments, with floor-mounted jack-leveling device is standard on floor anchored/overhead braced pilasters.

Welded Corner
Corners of panels, pilasters and doors are welded to each other and to the adjacent face sheets.

Bottom Door Hinge
Gravity-positioning hinge provides safe, durable and maintenance free support.

Alternate Pilaster Mounting
This heavy gauge mounting is furnished on all ceiling hung and floor anchored pilasters.

Vandal-Resistant Fasteners
Special driver installs fasteners which virtually eliminates unauthorized removal and ensures easy installation.

Upper Door Bracket
Internal part of the door. A pin goes through door and bracket for three-point bearing and operates in a nylon bushing in upper hinge bracket.

Shoe Construction
One-piece stainless steel, type 304, with #4 satin finish trim shoes are hemmed top and bottom for rigidity and sleek appearance.

OPTIONS:

- Wood Core
- No Sight Hardware
- Continuous Aluminum Brackets
- Continuous Stainless Steel Brackets
- Continuous Powder Coated Brackets
- Ultimate Privacy™ Height Options
- Stainless Steel Stirrup Brackets & Door Hardware

SOLID PLASTIC (HDPE)

Solid plastic toilet partitions are the ideal choice for high-traffic areas as well as high-humidity applications and corrosive environments. They are environmentally safe and sanitary, never need painting and will not easily dent, rust or delaminate. With a textured finish to hide the effects of vandalism, it is the low maintenance material of choice as minor scratches can often be repaired.

The High Density Polyethylene (HDPE) panels are virtually impenetrable by water, odor, mildew and soap and most commercial cleaning agents will not damage the surface.

Five of the most popular colors are now available in 100% post-consumer material.

FAST TRACK: 48 Hour Shipping

Available in all standard colors shown below – in Floor Anchored/Overhead Braced style only.

COLOR SELECTION:

White 9201

Cream 9235

Tan 9202*

Gray 9200*

Charcoal 9237*

Azure 9231

Moss 9233*

Blue 9509

Burgundy 9211

Black 9205*

Black Confetti 9217

Folkstone Gray 9400

Garnet Speckle 9501

Ivory Essence Speckle 9500

Mocha 9212

Olive 9223

** Available in 100% post-consumer recycled material*

CONSTRUCTION FEATURES:

8" Aluminum Wrap-Around Hinge

Mainstream choice.

55" High Doors and Panels

14" clearance from floor.

Emergency Access

Meets ADA requirements. Slotted keeper coupled with gravity hinges allows access in an emergency.

Simplified Mounting System

Attach mounting system, insert pilaster and adjust height and level by turning the lock nut adjusters.

Vandal-Resistant Fasteners

Special driver installs fasteners which virtually eliminates unauthorized removal and ensures easy installation.

Shoe Construction

Stainless steel, type 304, with #4 satin finish trim shoes are hemmed top and bottom for rigidity and sleek appearance.

OPTIONS:

- Continuous Stainless Steel Hinges
- Integral Hinges
- Vault Hinge
- No Sight Hardware
- Continuous Stainless Steel Brackets
- Continuous Aluminum Brackets
- Continuous Plastic Brackets
- Plastic Shoes
- Anti-Microbial Additives
- Ultimate Privacy™ Height Options

PLASTIC LAMINATE

Plastic laminate partitions combine design flexibility with affordable cost. The high pressure laminate finishes, bonded under pressure to a solid impact-resistant particle board core, meet or exceed all NEMA standards. Edge banding of all components prior to face lamination ensures optimum water runoff and durability.

Plastic laminate is available in all four installation styles and a variety of designer colors to complement vanities and counter tops. They are the finish of choice for commercial and institutional installations where aesthetics are essential.

COLOR SELECTION:

CONSTRUCTION FEATURES:

Core
Particle board core is 45# density to resist warping and ensure a smooth surface.

Edge Construction
Face laminate overlaps edge laminate to ensure water runoff and resists vandalism.

Door Hinges
Full weight-bearing hinges on both top and bottom of each door. Wrap-around mounting and through bolting for vandal resistance.

Shoe Construction
Stainless steel, type 304, with #4 satin finish trim shoes are hemmed top and bottom for rigidity and sleek appearance.

Vandal-Resistant Fasteners
Special driver installs fasteners which virtually eliminates unauthorized removal and ensures easy installation.

OPTIONS:

- Steel Core Pilasters
- Plywood Core
- Continuous Aluminum Brackets
- Continuous Stainless Steel Brackets
- Continuous Hinges
- Ultimate Privacy™
- Height Options

PHENOLIC – BLACK CORE

Phenolic partitions are the material of choice where durability and strength are required. These partitions are fabricated to stand the test of time. The dense components, combined with stainless steel brackets and fasteners, stand up to the most extreme conditions of moisture and humidity. Phenolic is impact, water and corrosion resistant, and does not support bacteria.

The phenolic partition is decoratively faced on both sides as an integral part of a resin-impregnated kraft paper core. The surface and core sheets are fused at high temperature and pressure. In addition to strength and serviceability, a wide range of colors provides limitless design flexibility. Phenolic partitions are available in all four installation styles.

FAST TRACK: 48 Hour Shipping

Available in all standard colors shown below
— Floor Anchored/Overhead Braced only.

COLOR SELECTION:

Almond 4000

Natural Canvas 4410

Dove Gray 3010

CONSTRUCTION FEATURES:

Emergency Access

Meets ADA requirements. Slotted keeper coupled with gravity hinges allows access in an emergency.

Shoe Construction

Stainless steel, double-hemmed, trim shoe with #4 satin finish conceals mounting fasteners and hardware.

Vault Hinge

Rugged, attractive wrap-around hinge. Extra strong for heavy-duty installations.

Vandal-Resistant Fasteners

Special driver installs fasteners, virtually eliminating unauthorized removal, and ensuring easy installation. Stainless steel fasteners are standard for phenolic partitions.

OPTIONS:

- **Class "A" Fire Rated Material**
- **Continuous Hinges**
- **Continuous Stainless Steel Brackets**
- **Continuous Aluminum Brackets**
- **Ultimate Privacy™ Height Options**
- **No Sight Hardware**

PHENOLIC – COLOR-THRU

Color-Thru Phenolic provides another reason to choose phenolic. True to its name, Color-Thru is made with surface color through and through, to help resist damage; and even discourage vandalism and abuse. Along with phenolic strength, durability and low maintenance requirement, Color-Thru Phenolic is impact, scratch and graffiti resistant. It has excellent screw-holding power and all the advantages of traditional Phenolic performance.

Same construction features and hardware as Black Core Phenolic.
