FIXED ANGLE TILT MIRROR WITH SHELF

SPECIFICATION

Fixed Angle Tilted Mirror with Shelf shall be fabricated of alloy 18-8 stainless steel, type 304, 20 gauge. Face shall be one piece construction free of miters or spot welded seams. All exposed surfaces shall have N°4 satin finish and be protected during shipment by plastic PVC film easily removable after installation. Concealed tamper resistant locking devices shall be provided. Mirror shall be _____(INSERT GLAZING OPTION) and shall be warranted for 15 years against silver spoilage. Mirrors shall be supplied as standard with glazing option ' A '. For a complete description and other choices of glazing options, see the Mirror Glazing OPTIONS Chart.

Fixed Angle Tilted Mirror with Shelf shall be Model N°0537- _____(insert size code) - _____(insert glazing option) manufactured by American Specialties, Inc., Yonkers, NY 10701-4913.

INSTALLATION

Unit is surface mounted on wall or partition using four (4) N°10 self tapping screws (by others). Mounting holes through back are "keyhole" slots for hanging unit on pre-installed screws. Unit requires 5/8"(16mm) clearance at top to engage screws in keyhole slots. For compliance with ADA Accessibility Guidelines, bottom of reflecting surface should be installed 40" (1016mm) max. above finished floor.
